

Safety

## Glassware

- Dispose of broken glassware – it is a risk to you and others ■
- Always dispose of broken glass in a glass bag and not in a general waste bag ■

## Laboratory Equipment

Never use any laboratory equipment unless you are trained As well as injuring yourself you may cause very costly damage

## Waste Materials

**Part of your avoiding risk will be to determine how to dispose of waste lab materials safely:**

- Solvents and oils must be segregated into the correct waste bottle or drum ■
- Your department will help you determine what to do with chemical or biological materials ■
- Do not put materials down the drain or in with normal waste unless authorized to do so ■

**Safety**

**When in doubt – ASK!!!**

Do not carry out a new or unfamiliar procedure until you have been fully trained & understand the precautions necessary for safe working.

**DO NOT GUESS!!!!**
